» **The Only Way To Go!**

Nolan Transport owns and operates one of the largest fleets of road transport equipment throughout Europe.

Our fleet consists of more than **450** tractor units and over 1000 trailers, covering three territories – Ireland » UK » Europe – satisfying nine different routes.

Both ambient and temperature controlled transport are catered for using five trailer types, meeting and exceeding the needs of over 25 industries, 52 weeks of the year.

Backed up by our European Operations Hub and our offices in Ireland, the UK and Europe our services are about just-in-time, efficiency and reliability.

» Delivering through experience

Established over 40-years ago, **Nolan Transport** has grown to be one of Europe's leading transport companies, by understanding our customers' different just-in-time transportation needs.

Our record of reliability stems from the daily, hands-on running of the business by the people who know the business best, the owners and operators!

We coordinate and monitor our entire fleet of over 1000 pieces of transportation equipment in real time, from our high-tech European Operations Hub. This information and control is also available through our regional offices located throughout Ireland, the United Kingdom and Europe.

» **Keep cool, we've got you covered!**

The **Nolan Transport** fleet provides Full and Part-Load transportation on both ambient and temperature controlled transport. Precise Temperature Control Downloads of all relevant shipments are available online as required.

Our in-house team of IT programmers ensures that all customer requirements are both met and enhanced. If information is the lock, then IT is the key. Constant investment and innovation in this area both meets challenges and increases efficiencies.

Our extensive fleet is monitored and recorded 24-hours a day, 52-weeks of the year, by our state-of-the-art GSM/GPRS Satellite Navigation system. This provides our offices with fixed and remote access to the exact location of your goods and the whereabouts of all our vehicles, at all times.

» Meet the Fleet!

The **Nolan Transport** Fleet consists of more than 450 tractor units and over 1000 trailers. With ambient and temperature controlled trailers available, we guarantee even the most sensitive of loads will reach its destination in perfect condition. The **Nolan Transport** trailer types include:
